The Value of the Purchase in

The Uſe of the foregoing Table for the Purchaſe of Leaſes, &c.

THE Table conſiſts of five Columns. The firſt contains any Number of Years that are to be purchaſed, from 1 Year to 100.

The 2d tells you how many Years and odd Months Purchaſe ſuch a Leaſe is worth in ready Money, 5l. per Cent. being allowed for the Intereſt of the Money laid out.

The 3d Column ſhews, what the ſame is worth at 6l. per Cent. The 4th at 8l. per Cent. and the laſt at 10l. per Cent.

Example: What is a Leaſe of 51 Years to come, worth in ready Money at 5l. per Cent.

Look in the firſt Column for 51 Years, and right againſt it under 5l. per Cent. you ſhall find 18. 3. which ſhews the Leaſe is worth 18 Years Purchaſe, and 3 Months, which is a Quarter of a Year. So that if the Rent were 10l. a Year, then 18 times 10l. is 180l. and the Quarter of the Year is 2l. 10s. in all 182l 10s. and ſo much is the Leaſe worth in ready Money, at 5l. per Cent.

——But if the Purchaſer would have 6l. 8l. or 10l. Profit for his Money, then let him look under the reſpective Columns of 6l. 8l. and 10l. per Cent. and he ſhall have his Deſire.

A Table shewing the Price of the Great Hundred, or 112 lb. at any Price, from one Farthing to Eighteen Pence the Pound.
